## Observations:

### Option A - The Red Route

**Caibidil:** Option A - The Red  
Route

Seems the best and most direct route to get the line in

---

### Option B - The Green Route

**Caibidil:** Option B - The Green  
Route

Very small / narrow lane with a big agricultural business on it trucks would never get up and down the road it it was to close.

*Events:* On the green route a lot of tillage fields along it. And the busy harvest time. Roads would need ot be open to move there produce

### The Route Option Consultation Process

**Caibidil:** The Route Option Consultation  
Process

the approach seems to be OK. But a better more detail maps could be used. Also more regular information in the post.
